

**Republic of Iraq  
Ministry of Health and Environment  
Directorate of Mine Action**

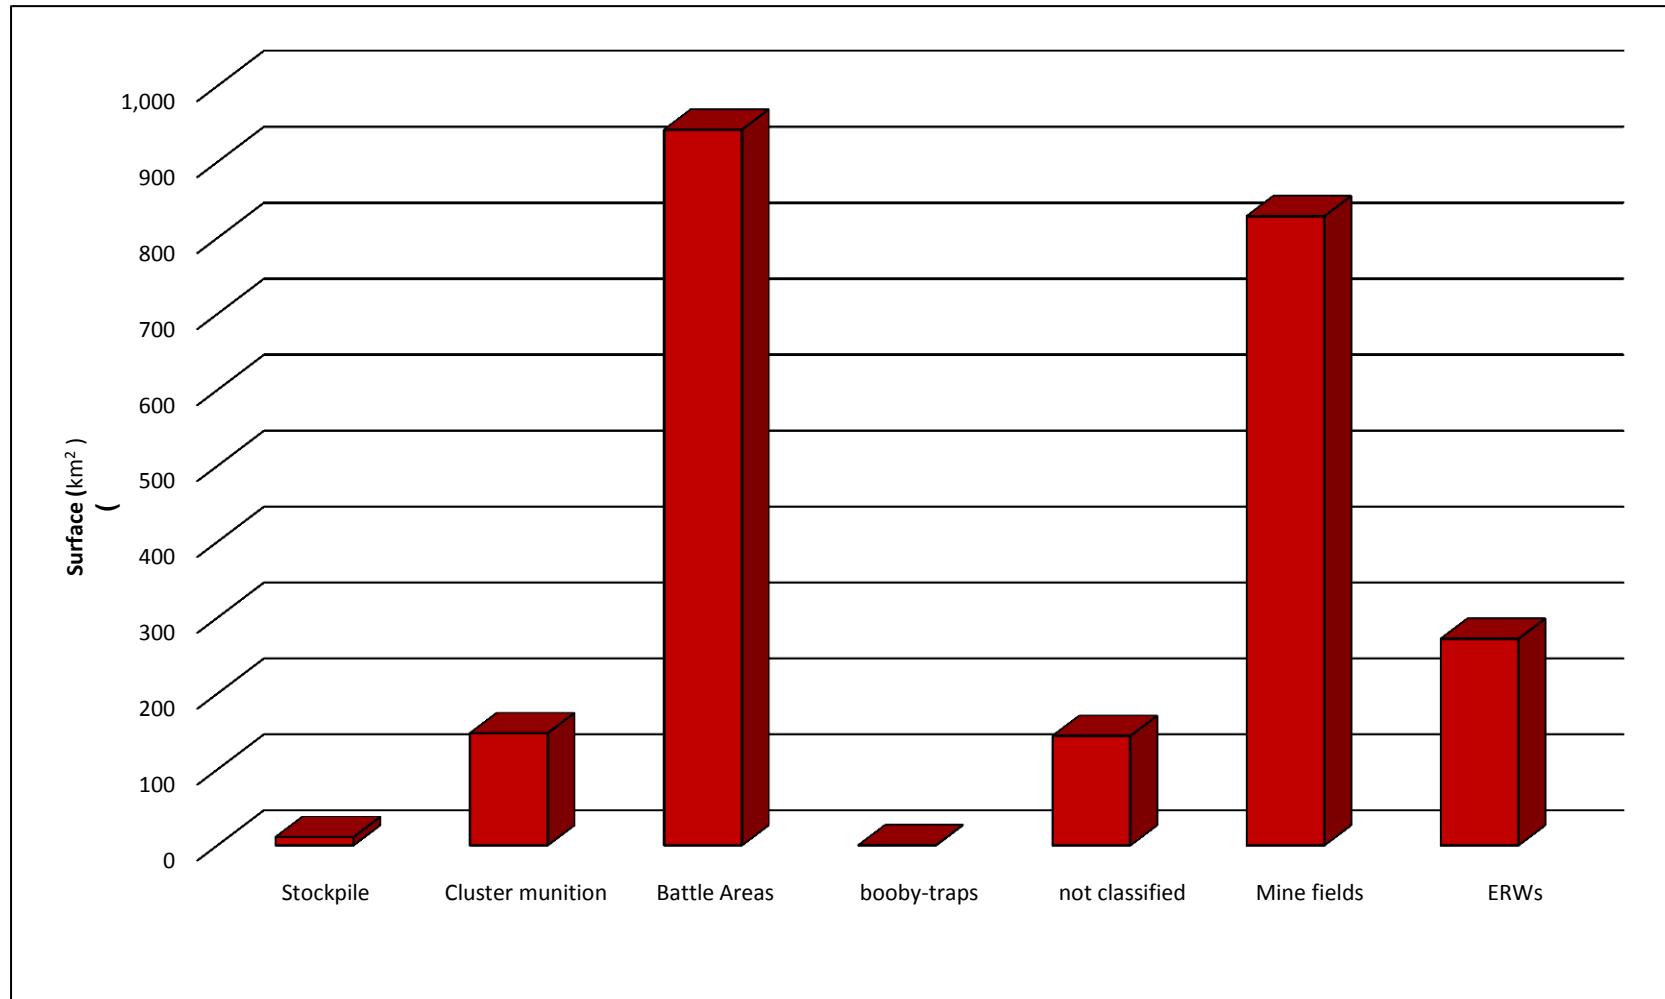

**The National Strategic Plan for the Iraqi Mine  
Action Program**

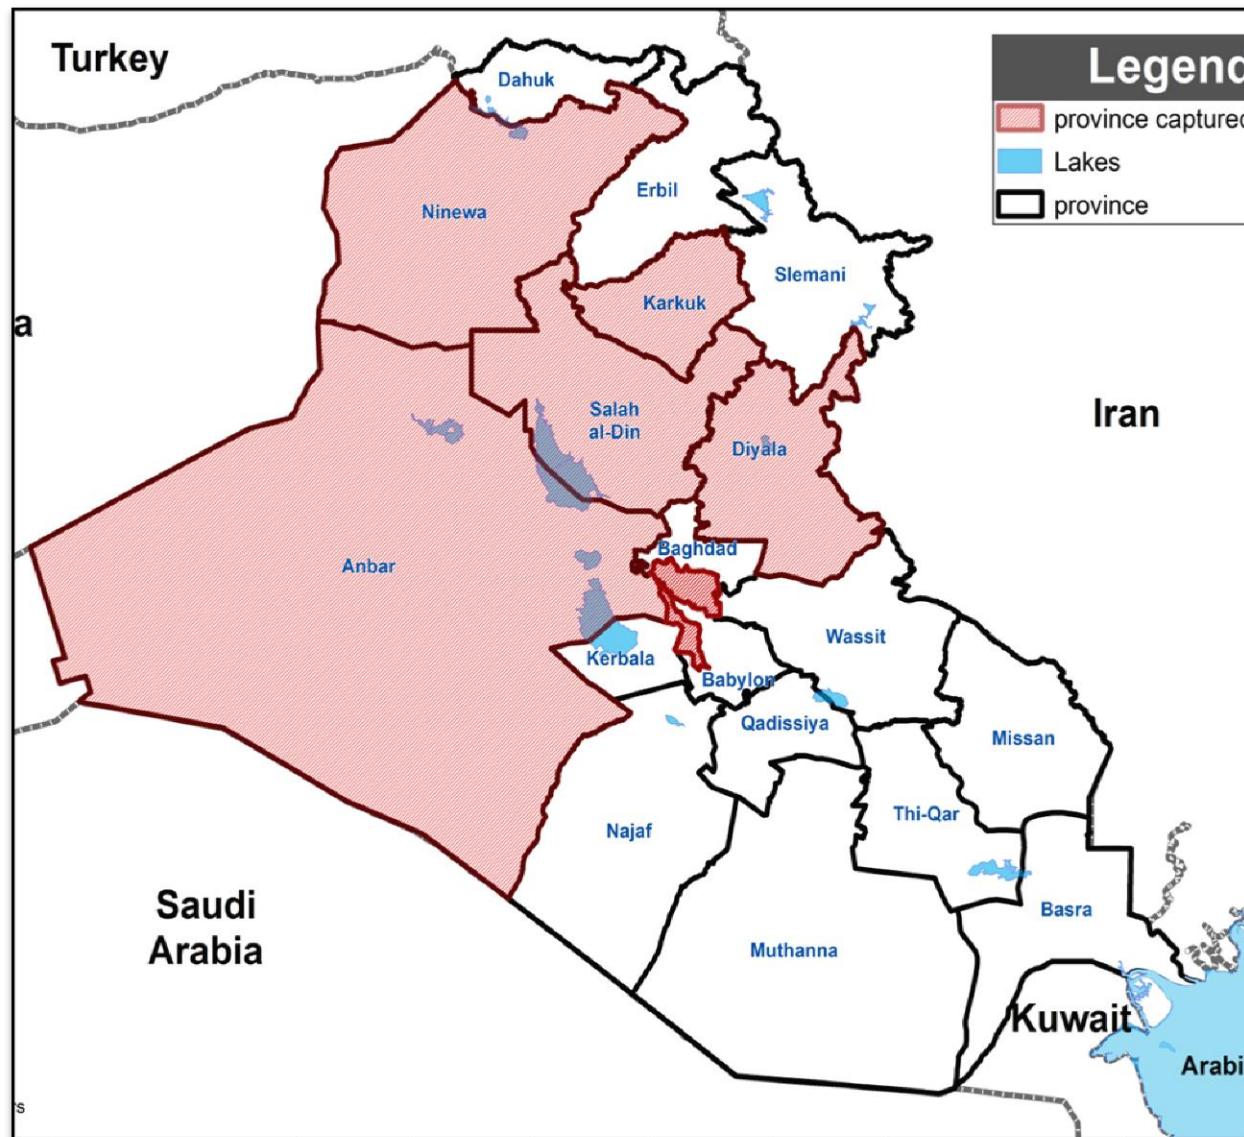

**2017 - 2023**

# The Type of Contamination

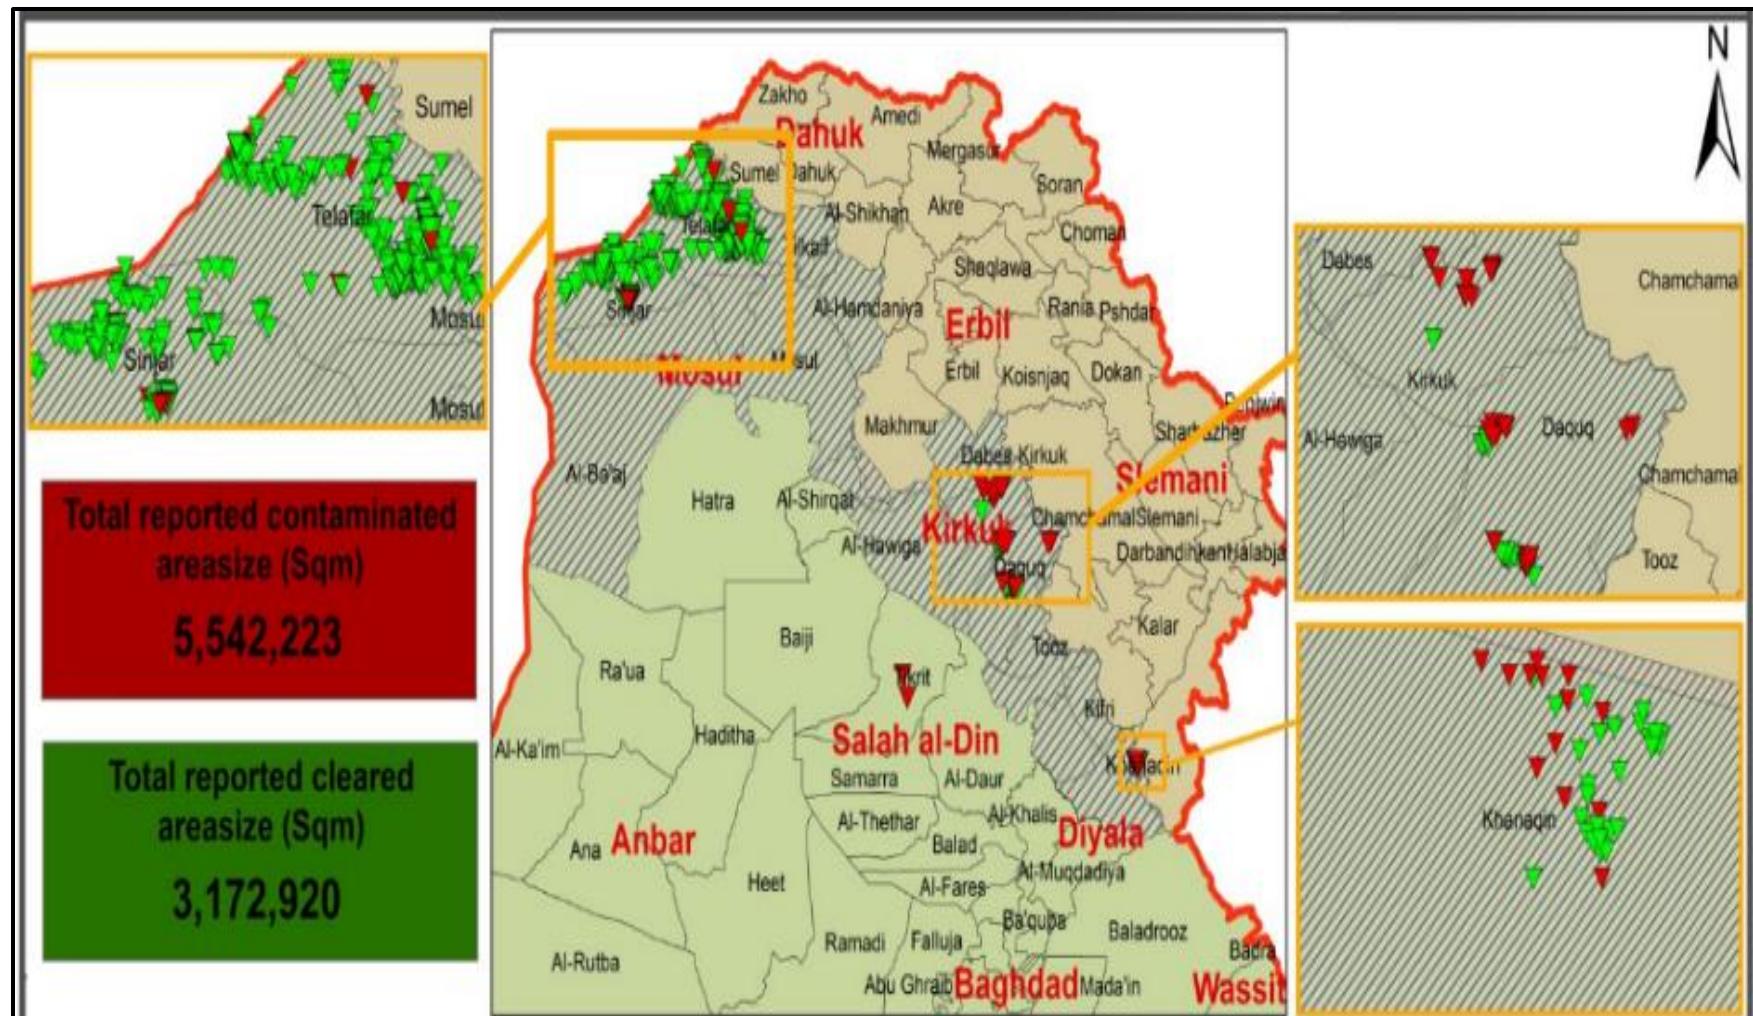

## The surface of the hazardous areas (km<sup>2</sup>) according to the type of contamination

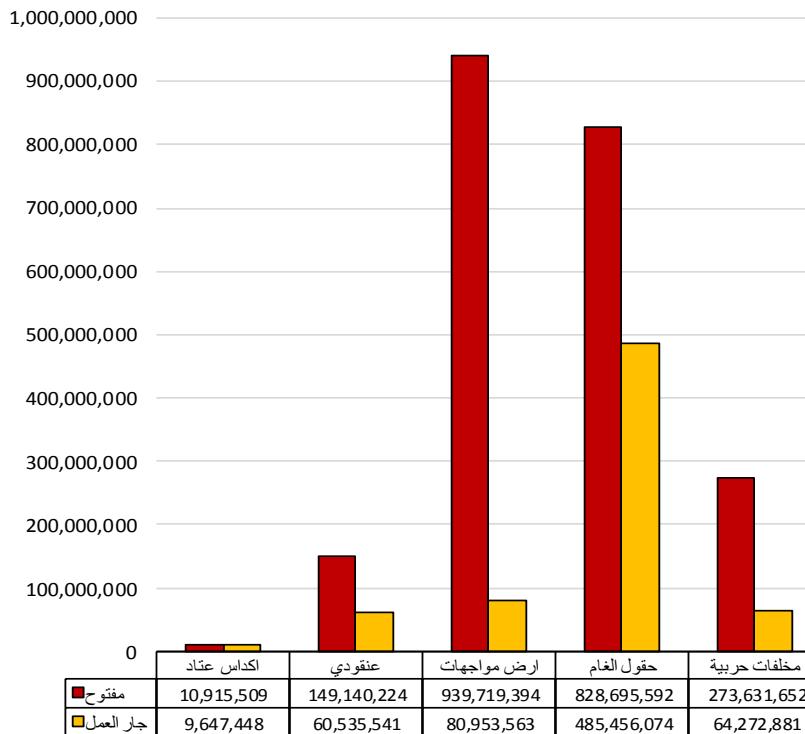

## The contamination in the liberated areas

# The Gray Zone: the liberated areas in the mutual zone

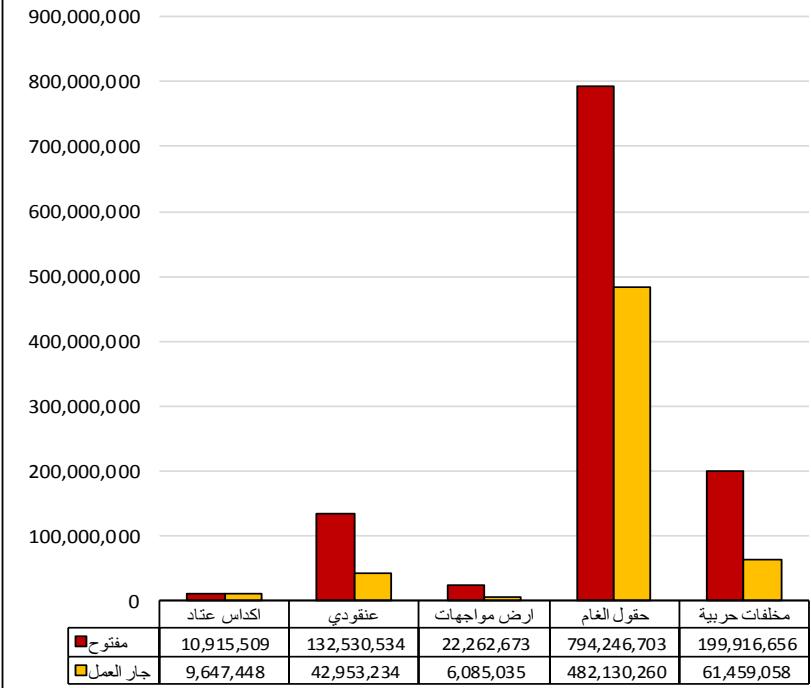

# Before and After Da'esh / ISIL

After Da'esh

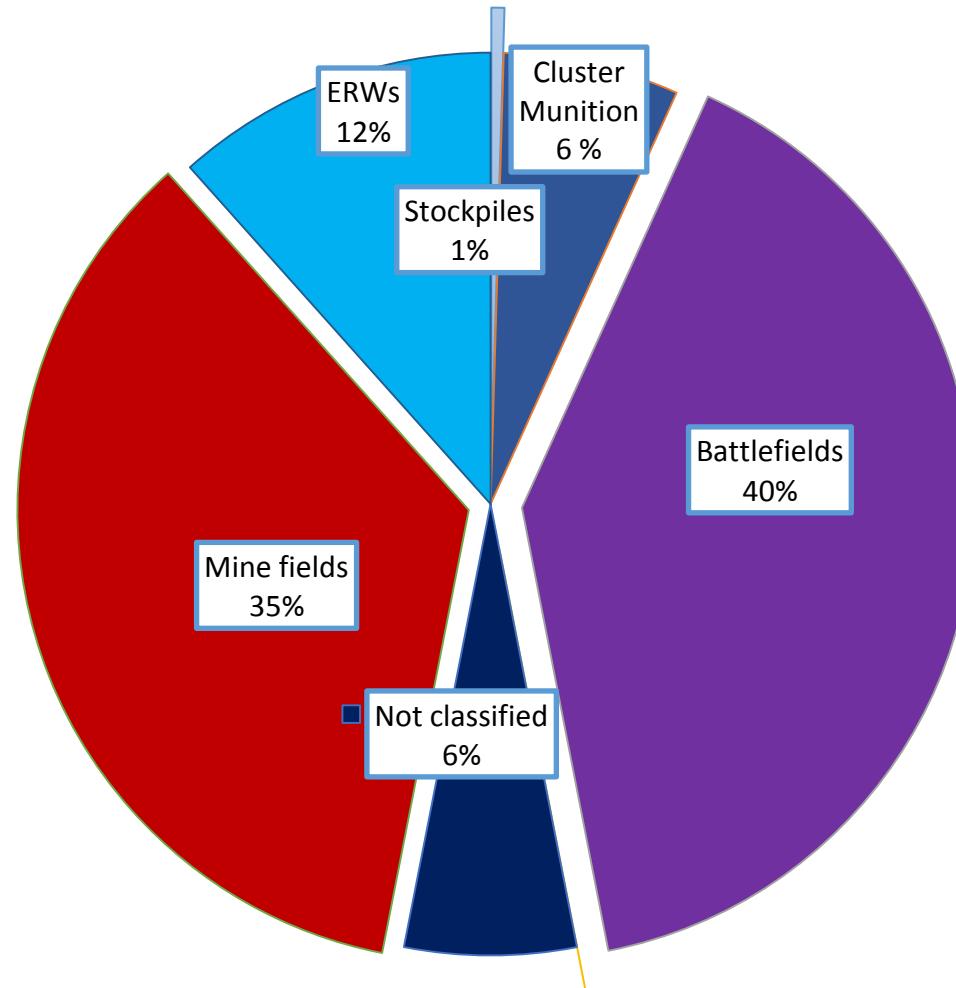

hazard\_received\_date\_cdf

before Da'esh

hazard\_SHAtype\_text

## The current situation: the surface of the hazardous areas (km<sup>2</sup>) according to (%) the type of contamination

# Strategic Objectives

## Objective One:

Mitigating the hazard in the areas contaminated with mines, ERWs and cluster munition and minimizing their socio-economic impact.

Objective to be reached through the following activities:

Facilitating and prioritizing marking, NTS, TS, and clearance.

Coordinating and supporting the emergency response in times of emergency.

Supporting the national Information Management systems.

# Strategic Objectives

## **Objective Two:**

Decreasing the number of deaths and injuries due to mines and ERWs through a Risk Education program targeting the affected communities.

Objective to be reached through the following activities:

Supporting RE programs (landmines and ERWs)

Fundraising and channeling resources towards Risk Education operations.

Developing the RE programs in terms of quality and quantity to match the challenges.

Cooperating with the national and international organizations supporting RE programs.

# Strategic Objectives

## Objective Three:

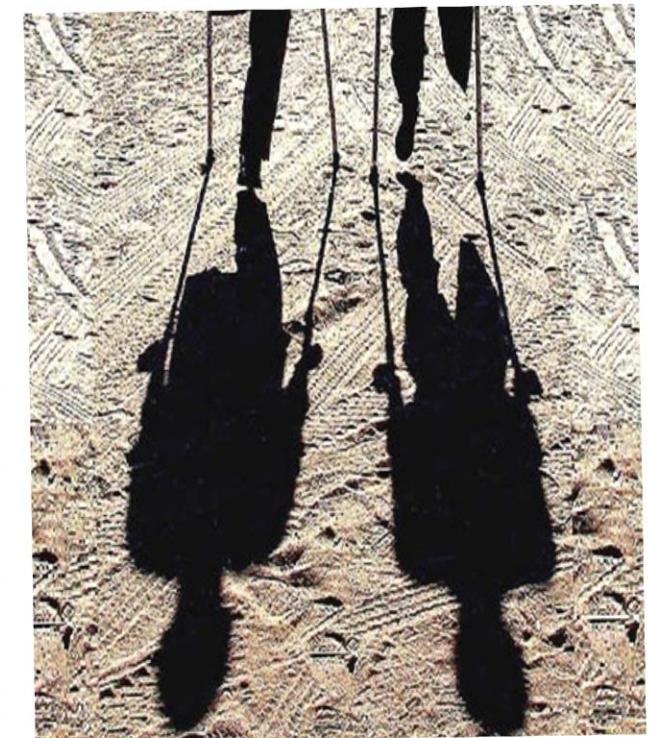

Providing landmines and ERWs victims with healthcare and psychological support, and reintegrating them in the society.

Objective to be reached through the following activities:

Providing guidance and technical assistance through cost-effective means to improve access to services for victims.

Supporting data collection and use based on gender, age groups, and status and managing the cases through Information Management systems.

Fundraising and channeling resources towards Victim Assistance programs, services, and initiatives.

# Strategic Objectives

## **Objective Four:**

Integrating Mine Action within the general policies of the state through passing Mine Action legislation.

Objective to be reached through the following activities:

Introducing policies calling for the implementation of laws and procedures facilitating operations, Risk Education and Victim Assistance.

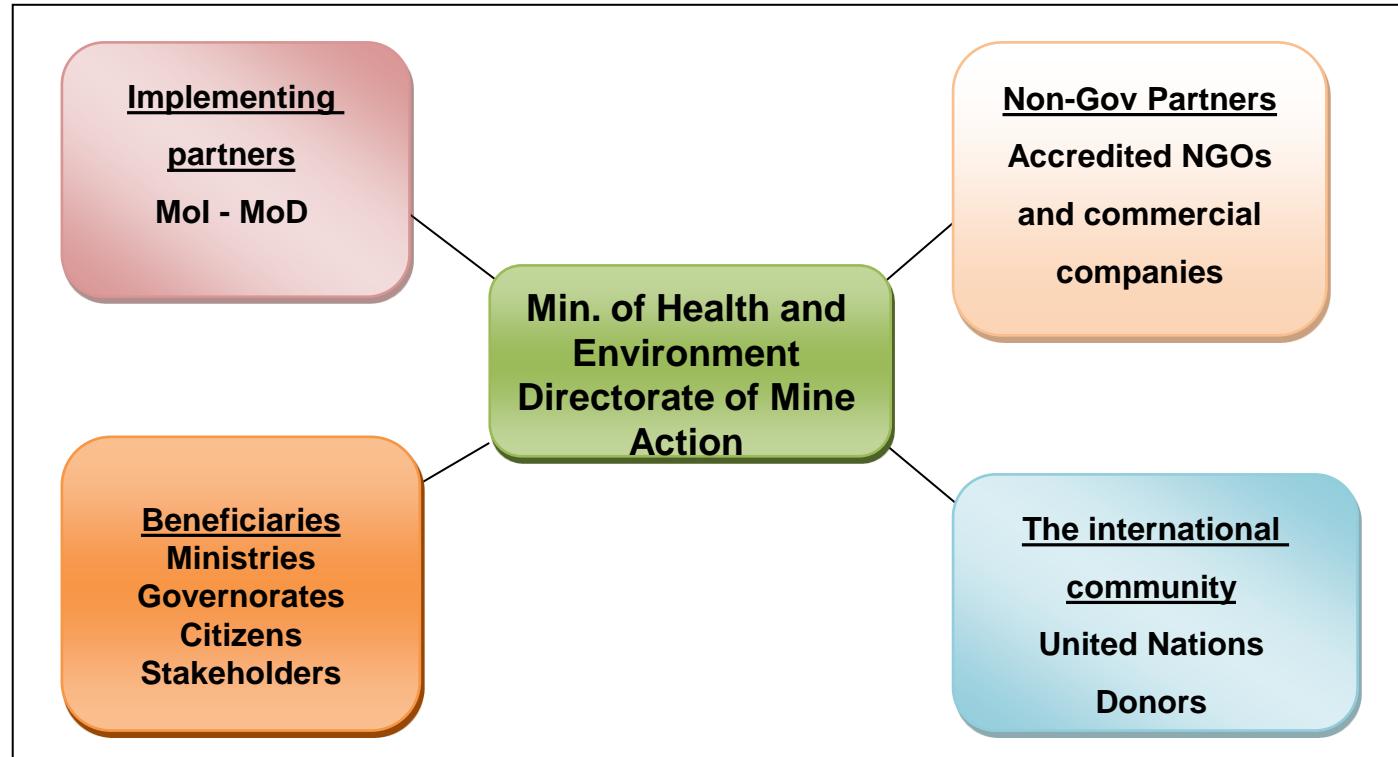

Developing the national laws and pieces of legislation to match the specificity of the situation in Iraq and the international inclinations.

Integrating the Mine Action policy within the general policy of the state, the government's workflow, and the Prime Ministry's plans.

Cooperating with the specialized committees and the decision makers to keep Mine Action at the heart of the legislative and political fields.

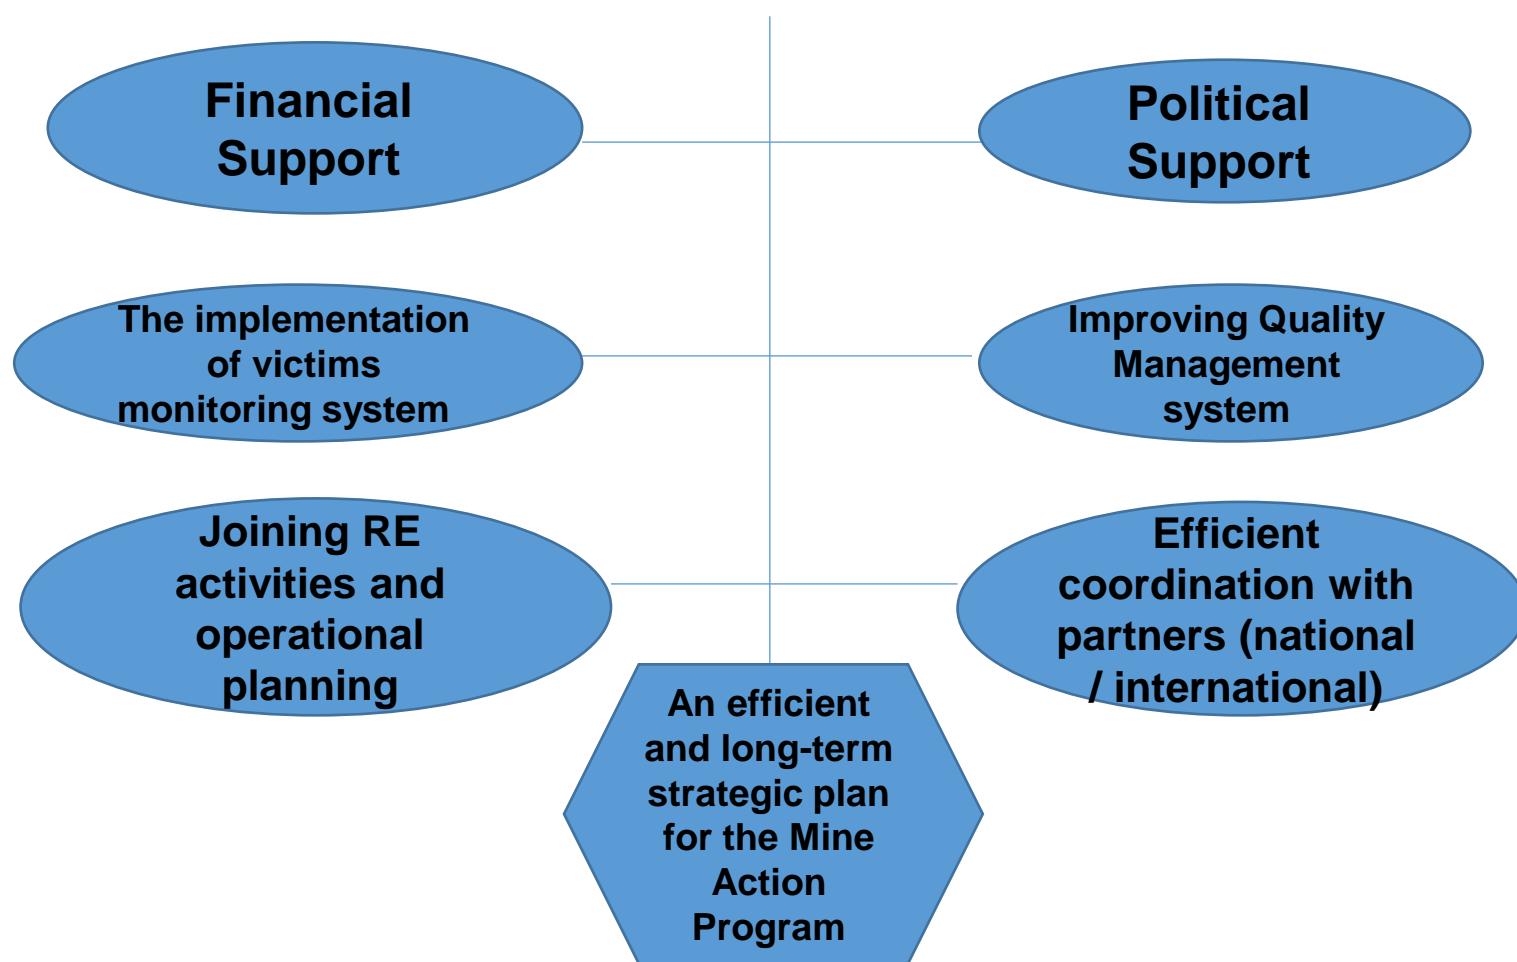

## Mine Action task orders are issued by the DMA

## The success of this strategy depends on:

# Thank you!
